

D Rating Automatic Bollard

2Z-BOLLARD

Features

- D rating bollard normally installed in government, airport, military bases etc.
- High rising speed, high crash rate
- Work with control system

Technical Parameters

	Standard	Optional
Operating Voltage (V)	AC 380V	220V
Rated Power (W)	700	
Bollard Material	304 Stainless Steel	
Bollard Diameter (mm)	217±1	Available
Anti-Crash Rated	D rated (Equivalent to ASTM C60)	
Rising Height (mm)	600±5	
Rising Time (S)	3-5	
Bollard Weight (Kg)	180	
Dimension (mm)	440*1150(±10)(φ*H)	
Surface Treatment	Brushed	
Warning Method	3M Reflective Belt	LED Light or Light Belt
Drive Unit	Inbuilt
