

## Card 2E-HF01

### Description:

- Working Frequency: ISM 902~928MHz or 860~870MHz
- Size: 86×54×0.8mm
- Memory: 2056bits
- With Global unique 94 bits Id Number, setup by software
- Working Distance related to reader and antenna (at most can reach 15m)
- Feature: It applies to metal
- Material: ABS
- Read Distance: 1-10M
- Material: PVC
- Work with Reader: 2E-2656 y 2657
- Data Save >10 Years
