

UHF TAG

Model:OT-ETIUHF26

Specifications:

Working Frequency: ISM 902~928MHz or 860~870MHz

Size:110×45×0.37mm

Memory: 2056bits

With Global unique 94 bits Id Number, setup by software

Working Distance related to reader and antenna (at most can reach 15m)

Feature: It applies to card windshield glass

The card work with: 2E-2656/2E-2657

Material: paper
